

The Graduate School of Life Sciences

Structured Doctoral Training at the University of Würzburg

<https://www.graduateschools.uni-wuerzburg.de/life-sciences/>

@gslsuniwue.bsky.social

Outline

- Structure of the GSLS
- Regulations of the GSLS
 - Path to graduation
 - Admission vs. enrollment
 - Thesis committee
 - Idea behind the GSLS training program
- Graduation requirements – the GSLS study book
- Conflict management
- Scientific and transferable skills courses
- Activities and events

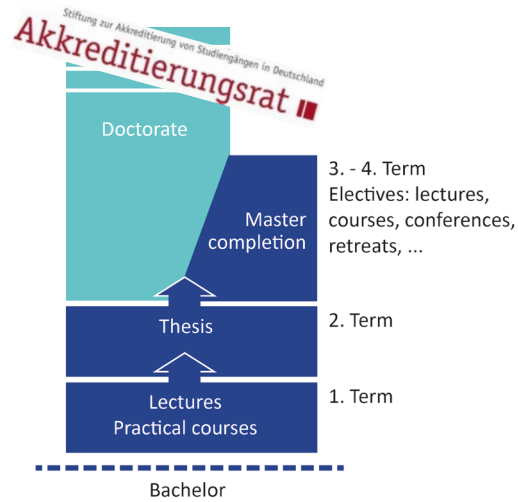

The GSLS - Structure

Why Graduate Schools ? The Würzburg Model

- Platform for interdisciplinary approach
- Same criteria for all departments/faculties
- Thesis committee
- Structured training program
- Junior group leaders can be PIs

Doctoral phase

GSLS

Master phase

Postdoc phase

MD phase

Principal Investigators	345 (285 w/o time limited)
Doctoral Researchers (Internationals ~ 41 %) (Females ~ 62 %)	557
Medical Doctoral Researchers (Internationals ~ 6 %) (Females ~ 59 %)	253

Number of Graduations in the GSLS (until 2023)

	PhD/Dr. rer. nat.	Dr. med.
Graduations in the GSLS since 2008	953	122
<i>summa cum laude</i>	168 (18%)	21 (17%)
<i>magna cum laude</i>	707 (75%)	95 (78%)
<i>cum laude</i>	63 (7%)	6 (5%)
<i>rite</i>	3 (0,3%)	0

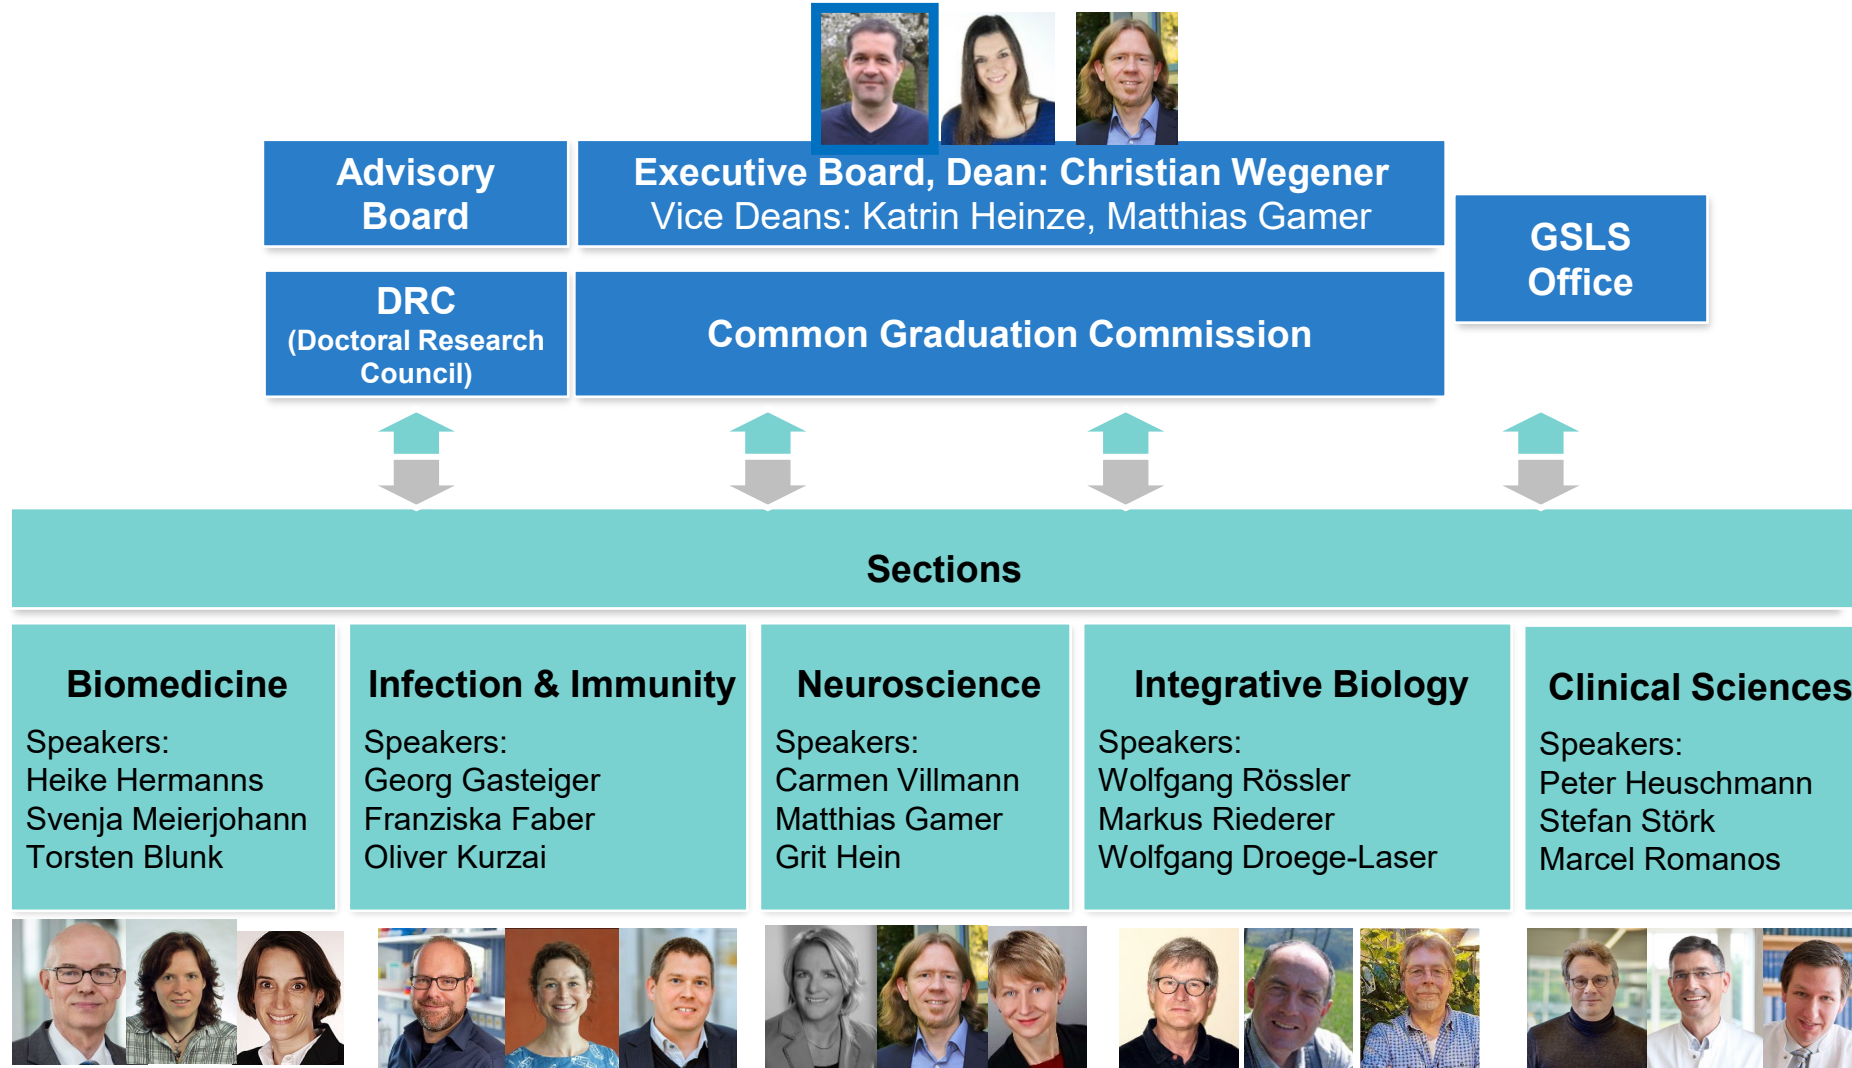

On April 12, 2024
Federico Ronchetti
(PI Prof. Thomas Schmitt) submitted
the 1000th dissertation, focusing on
the ecological and evolutionary
biology of interactions between
Hymenoptera insects and bacteria.

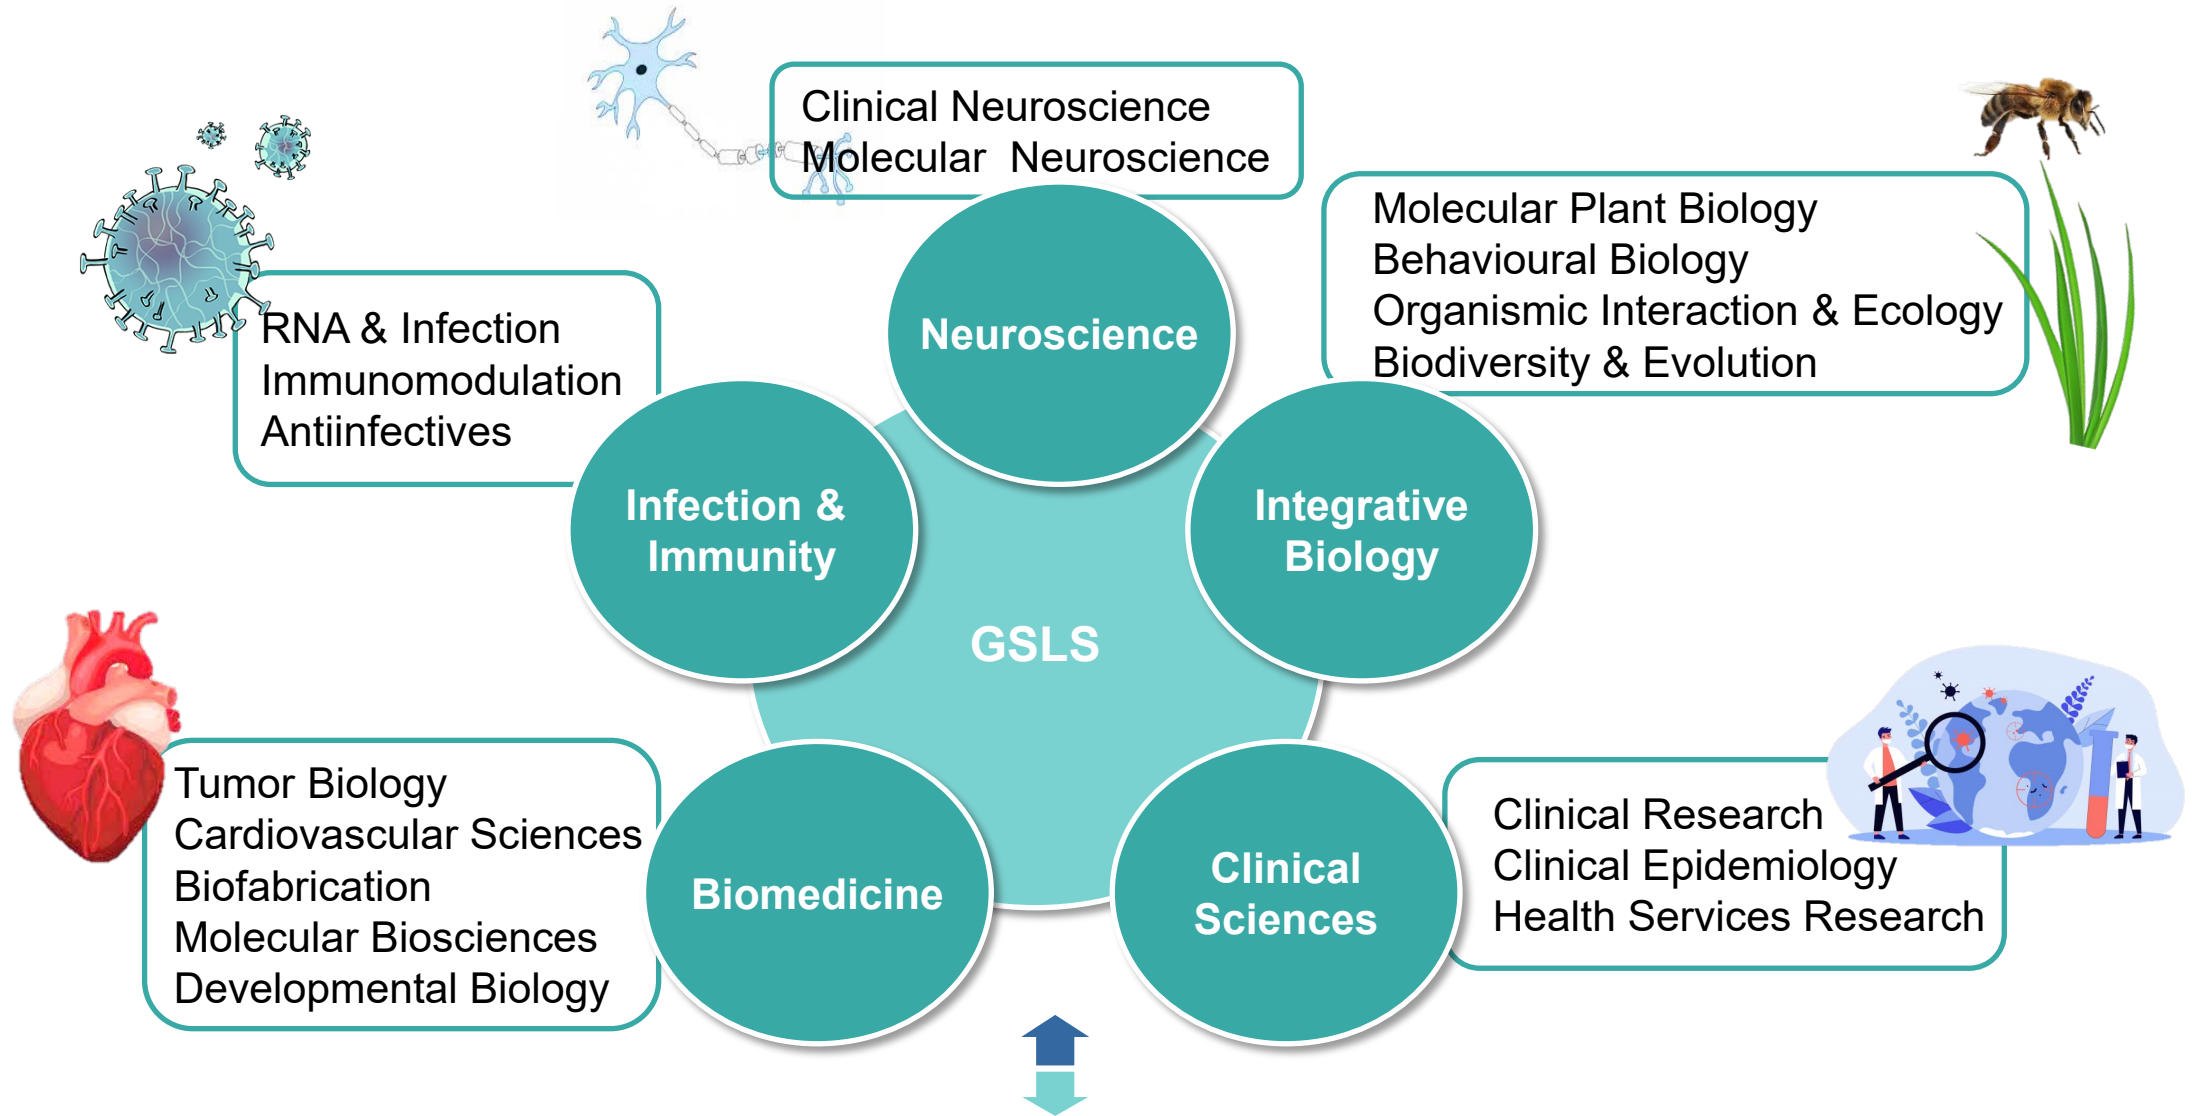

Federico Ronchetti (2nd from left) during the handover of his dissertation to the GSLs administrator, Eva Dallmann (left). Congratulating him are (from left) Dr. Stephan Schröder-Köhne (Managing Director of the Graduate Schools at the University of Würzburg), Dr. Jennifer Ritzer (Managing Director of the GSLs), and Professor Christian Wegener (Director of the GSLs).

Organization of the GSLS

 **Faculties : Biology, Medicine, Chemistry & Pharmacy, Psychology, Physics** 

Outline

- Structure of the GSLs
- Regulations of the GSLs
 - Thesis committee
 - Path to graduation
 - Admission vs. enrollment
 - Idea behind the GSLs training program
- Graduation requirements – the GSLs study book
- Conflict management
- Scientific and transferable skills courses
- Activities and events

Your PhD SCICOMM-ITTEE

**Take advantage of your
committee meetings !**

Double-check your thesis
committee with the GSLS
(contact: Katharina Bötsch)

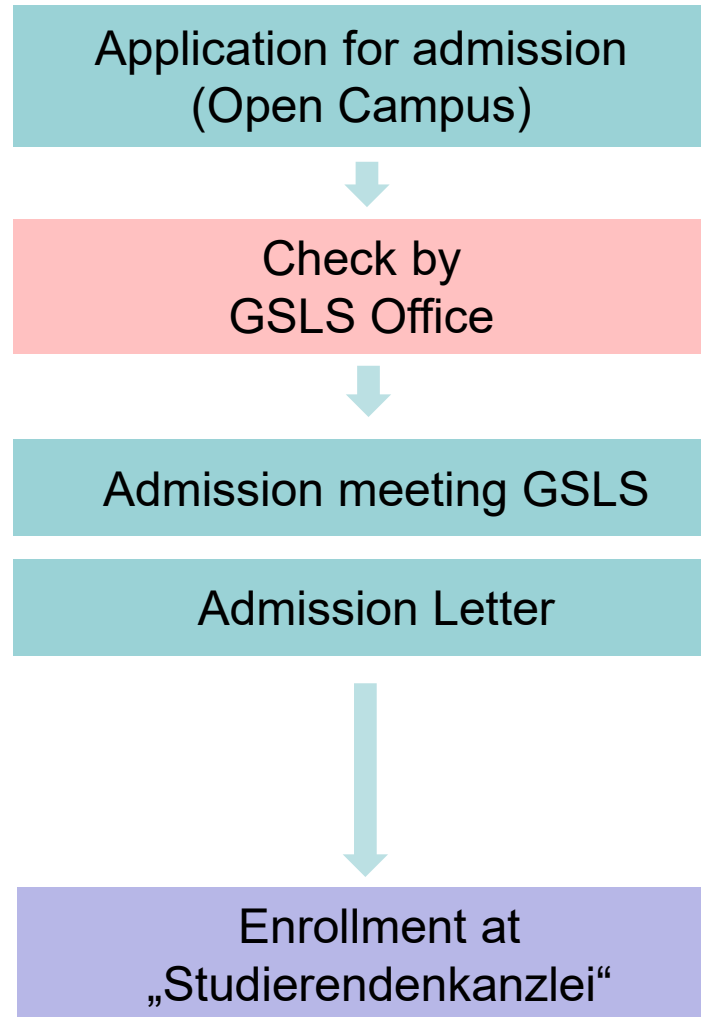

- At least three supervisors
 - Primary and secondary supervisors have to be **GSLS members from different departments**
 - Third supervisor may come from another university, also from abroad (input from extern)
 - A minimum of three different departments should be represented
-
- Prerequisite (first or second supervisor) :
 - ❖ First or second GSLS supervisor must be a **Faculty member of one of the Natural Science Faculties** of the University of Würzburg (Biology, Chemistry & Pharmacy, Physics, Mathematics & Computer Sciences)
[OR be appointed as an examiner by one of those faculties]
 - ❖ One GSLS member supervisor has to be **habilitated or hold a permanent professorship**

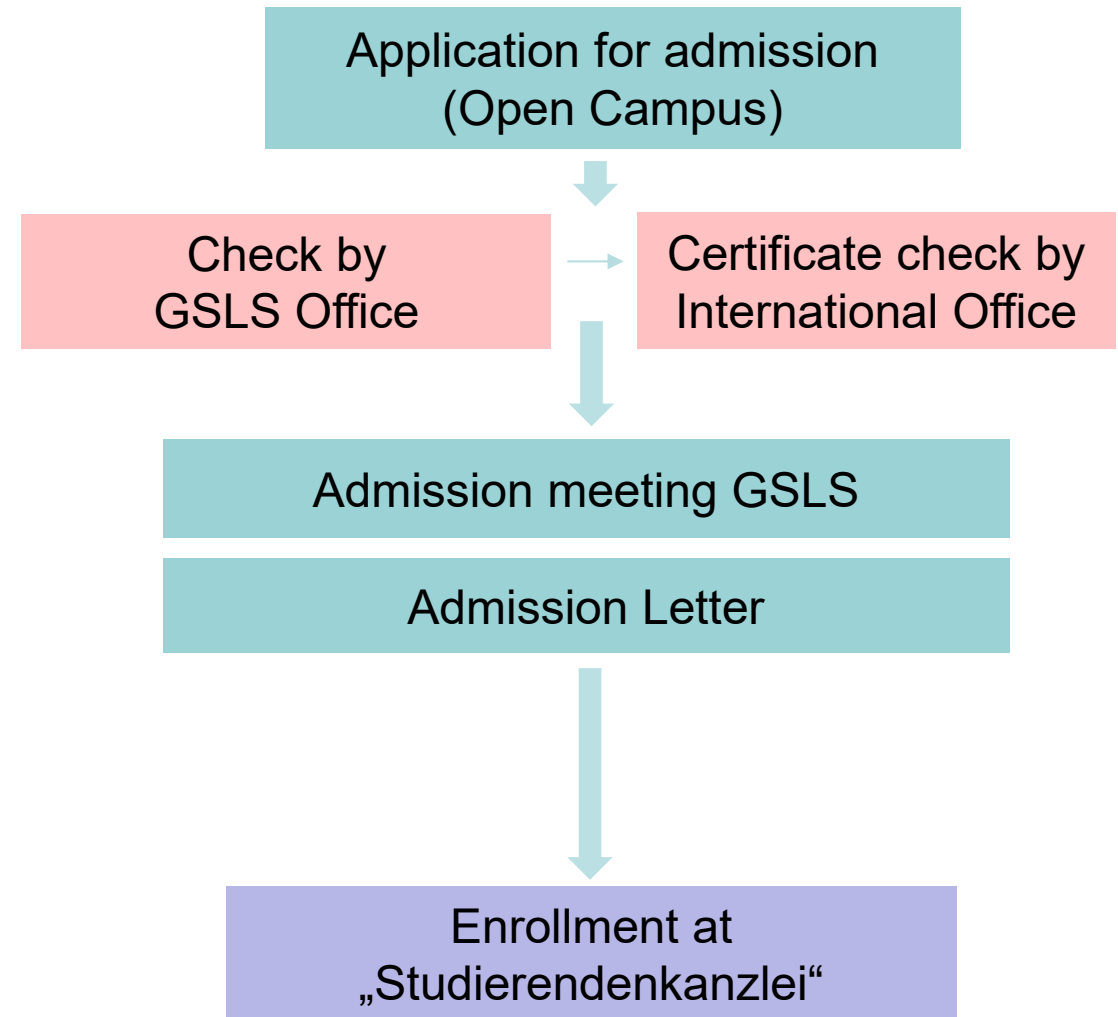

Take advantage of your committee meetings !

Double-check your thesis committee with the GSLS (contact: Katharina Bötsch)

German Master degree

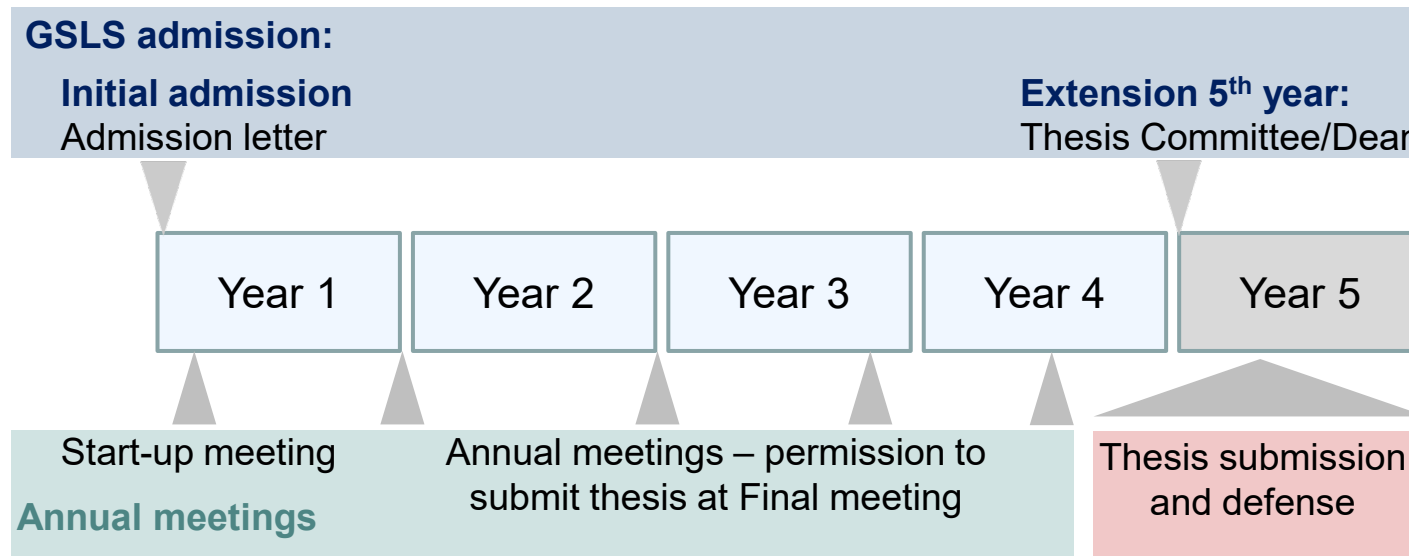

International Master degree

Admission to the GSLS

- Initial admission letter admits you for 4 years (= 8 semesters of enrollment)
- From the 5th year: extension of admission requires approval of Dean, as well thesis committee members

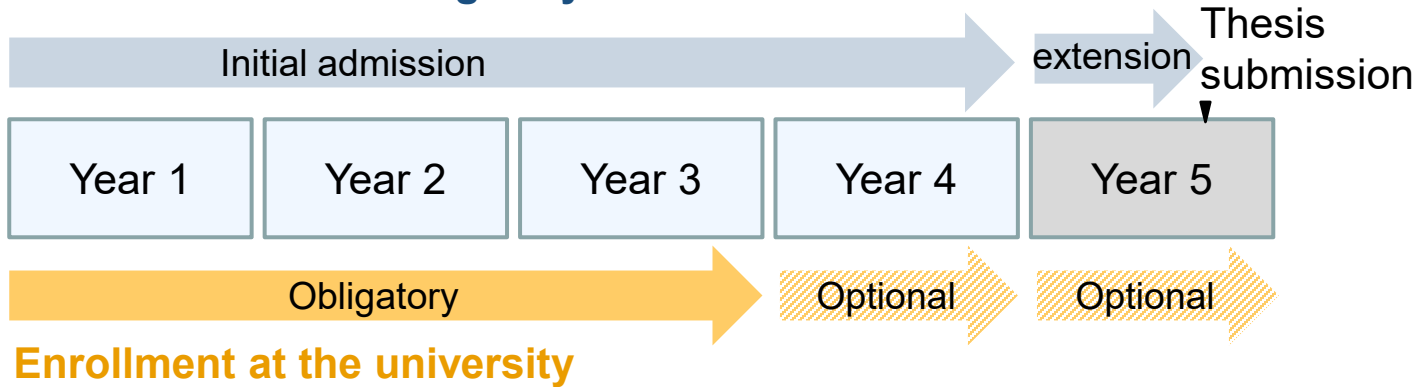

Regular meetings with the thesis committee

- Start-up and annual meetings are mandatory for the first 6 semesters of the PhD and additionally a final meeting before submission

The difference between “GSLs admission” and “enrollment at the university”

GSLs admission: obligatory until thesis submission

Years 1-4 of your PhD:

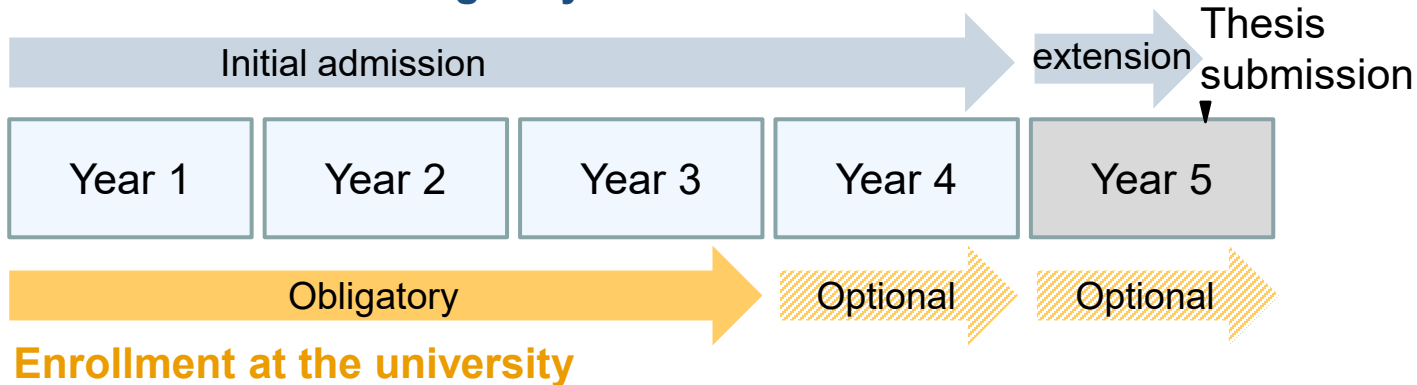

- Your initial GSLs admission is valid for 4 years corresponding to 8 semesters
- You don't need to extend your GSLs admission during the first 4 years of your PhD
- **BUT** remember to renew your enrollment at the JMU each semester (“Rückmeldung“)

From the 5th year of your PhD:

- GSLs admission: extension required every year
- Your GSLs admission must be valid when you submit your thesis
- Renewal of enrollment: **NOT** mandatory after the 6th semester

The difference between “GSLs admission” and “enrollment at the university”

GSLs admission: obligatory until thesis submission

1. Admission to the GSLs

→ Admission to pursue the structured PhD within the GSLs (thesis committee, training...)

- **Prerequisite:** Initial GSLs „Admission Letter“ or approved extension of GSLs admission (from 5th year)
- Responsible: initially GSLs Office; after the first 4 years: **YOU!**
- Important date: **Start of thesis project** (as indicated in admission letter/in OpenCampus)

2. Enrollment at the JMU

„Student status“ (student ID, semester ticket etc.)

- **Prerequisite:** valid GSLs admission
- Important dates: Deadlines for renewal of enrolment („Rückmeldung“)
 - **YOU** are responsible to pay the semester fee and enroll + re-enroll on time **each semester !**
 - Consider a direct debit („Lastschrift“)

Pursuing a PhD/Dr. rer. nat.: Structured Program vs. Individual Research

<u>Aspect</u>	<u>Structured Program</u>	<u>Individual Research</u>
Curriculum	Defined courses and seminars	Flexible, customized research plan
Timeline	Fixed, with regular milestones	Flexible, self-paced
Supervision	Frequent interactions with your mentors	Less frequent, focused guidance
Skill Development	Broad, interdisciplinary training	In-depth, specialized focus
Networking	High, through organized events and projects	Variable, depends on personal initiatives and your lab

Scientific Work (Advancement of Knowledge, Skill Development, Critical Thinking, Problem-Solving)

YOUR Responsibility:

- Commitment and Dedication
- Active Participation in Research
- Seeking Mentorship and Feedback
- Continuous Learning and Development

GSLS - Structured Training Program (Guidance, Skill Enhancement, Balance, Flexibility)

General idea

- Individual research and training plan (“prescription”), adapted in discussion with the thesis committee
- Scientific and Transferable Skills Training

Mentoring

- Female GSLS doctoral researchers: MENTORING life sciences (Mentee-mentor relationship, Workshop series, Network meetings)
→ now in cooperation with the Gender Equality Academy

- Carrer center office of the JMU

- University Hospital: Mentoring-Med

SCIENTIA

- **Mentoring:** for female doctoral students, mentoring, training, networking (duration one year, call for applications in autumn; participants must be fluent in German)
- **Postdoc & International:** qualification during postdoc phase or habilitation, workshops, coaching, networking (duration one year, call for applications in autumn)

**Women's Leadership Program**

for female (junior) professors and experienced working group leaders: Workshops on leadership, chair management, conflicts, positioning in power arenas, media and interview training, individual coaching, networking with alumnae, fireside chats

**Gender Consulting Service for DFG-funded programs**

primarily aimed at young female researchers who are actively involved in a DFG-funded collaborative project: workshops and training sessions on career development; for researchers of all genders: joint training courses, which address gender aspects

Mentoring – get inspired!

If you ask yourself

- .. where your studies might lead you professionally
- .. how to lay the groundwork for career success

then you are invited to join Mentoring Program!

In a nutshell:

- alumni of the University of Würzburg pass on their practical professional experience
- geared to students, graduates, and doctoral candidates
- You have two different options:
 - a one-time consultation
 - a one-year “relay” program with a personal mentor

..in both cases you will have a specialist mentor at your side who will advise and accompany you - you create the exchange together and individually!

Module	Regulations for Dr. med./MD	Regulations for Dr. rer. nat./PhD
Progress Meetings	Start-up and 1 or 2 bi-annual meeting(s)	Start-up meeting & at least 3 annual progress meetings
Lab Meeting	1 hour per week, organized by the working group	1 hour per week, organized by the working group
Literature Seminar	1 hour per week, organized by the working group	1 hour per week, organized by the working group
Program or Section Seminar (Jour Fixe)	1 - 2 times per month	1 - 2 times per month
Retreat or Summer School	At least one	Annually (in total ≥ 3)
International Meetings/Symposia	<u>At least one</u> with active scientific contribution	<u>In total ≥ 3 with</u> active scientific contribution
Scientific Publication	<u>Co-Author</u> publication	<u>First-Author</u> publication
Elective Activity	One Elective Activities <u>in total</u> (Scientific course or Transferable skill course or Research Stay)	One Elective Activity <u>per semester</u> (Scientific course (in total ≥ 3) and Transferable skill course (in total ≥ 3))
Good scientific practice course	mandatory	mandatory
Interdisciplinary seminar	in total ≥ 9 participations including introductory and final talk	-

Graduation requirements

- Overview -

- ✓ **Annual progress reports** (start-up meeting, annual committee meetings)
- ✓ **Research seminars** (lab meeting, literature seminar, research training group)
- ✓ **Annual retreat / Summer School**
- ✓ **One elective per term:** Choice from large program of

- Lectures and methods courses
- Transferable skills courses
- Research stays abroad etc.

Mandatory workshops (normally offered at the GSLs Welcome Days)

- Good Scientific Practice (everybody)
- Intercultural Communication (for those going for the “Ph.D.” degree)

- ✓ Active participation in **at least three international meetings**
- ✓ At least **one first author publication** in international peer reviewed journal (shared first authorship is accepted as well)

**Open
Campus**

Study book and certificates of participation - uploaded in Open Campus and approved by GSLs (GSLs study program requirements).

The diploma supplement is **created based on your entries**. Please ensure they are entered carefully and in a consistent format.

Start-Up and Annual Thesis Committee Meetings

- Form template: Download at GSLs website
- Meetings of your thesis committee **should take place in person**
possible: by video conference, by phone, during conferences
- Ask your committee members how they would like to structure the meeting
(e.g. prepare a presentation/report for the meeting and send it to the committee beforehand)
- Establish your training program with your thesis committee
- 4th/5th year (“final”) meeting

Take advantage of your committee meetings !

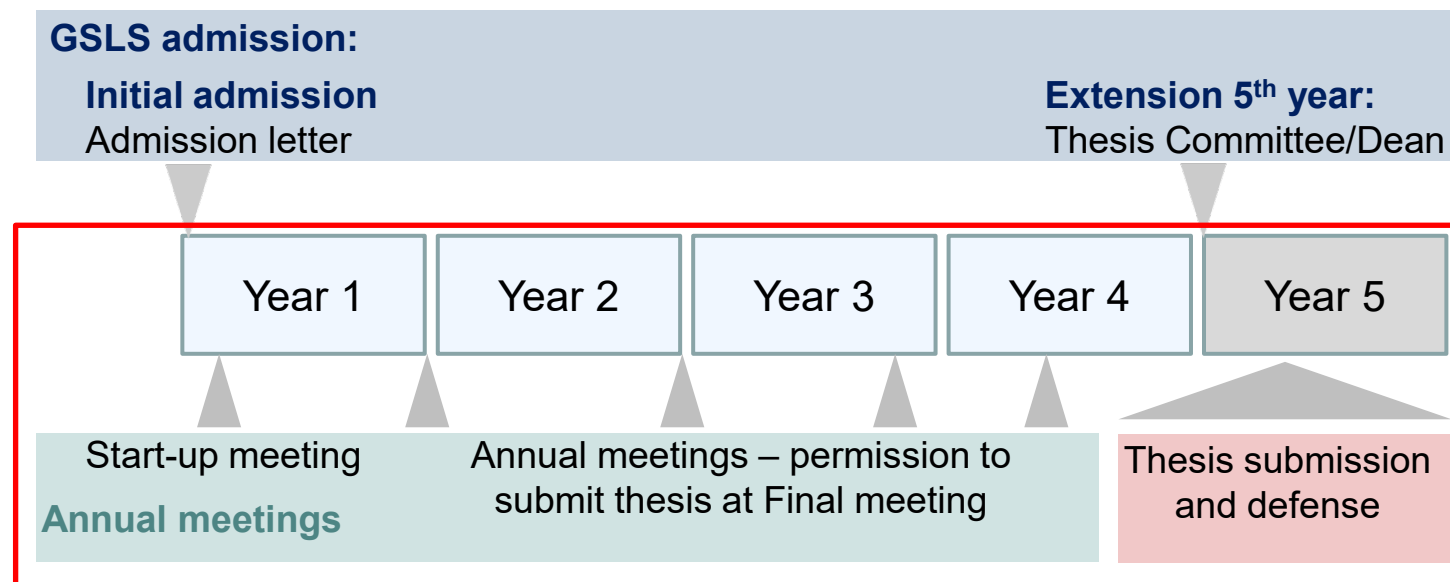

Start-Up and Annual Thesis Committee Meetings

- Form template: Download at GSLs website
- Meetings of your thesis committee **should take place in person**
possible: by video conference, by phone, during conferences
- Ask your committee members how they would like to structure the meeting
(e.g. prepare a presentation/report for the meeting and send it to the committee beforehand)
- Establish your training program with your thesis committee
- 4th/5th year (“final”) meeting

- ✓ Sign and upload your reports in OpenCampus under „My Reports“ in the GSLs Main Menu
- ✓ Start-up meeting latest 3 months after admission
- ✓ Annual meetings with committee are required for each year of your active research
- ✓ Don't ignore reminder emails from the GSLs. Get in touch with us if there are problems

Regular meetings with the thesis committee

- Start-up and annual meetings are **mandatory for the first 6 semesters** of the PhD and additionally a final meeting before submission
- Annual Mentor Meetings: Success through insightful discussions and guidance.
- Provide insights on YOUR achievements and plans
- Exclusively online meetings may be less effective than in-person ones. In-person gatherings are preferred

GSLs Travel Fellowships

GSLs travel fellowships offer GSLs doctoral researchers the opportunity to participate in international conferences and workshops (active participation, talk or poster presentation, is a prerequisite) or support a research stay in a foreign laboratory. Each GSLs doctoral researcher can receive up to 2.000 EUR until graduation. Funding for travel fellowships is based on the location of the meeting or activity attended:

Germany: up to 300 EUR

Europe: up to 500 EUR

Overseas: up to 1.000 EUR

GSLs travel fellowships for medical students

Medical students with an MD fellowship of the Faculty of Medicine or the GSLs who registered with the GSLs and take part in a specially adapted, structured doctoral programme are also eligible for GSLs travel fellowships. They can receive up to 500 EUR until graduation.

How to apply for the GSLs travel fellowships

- Send an application (in English) including a statement of motivation and details about the conference / workshop / research stay BEFORE it takes place. Please also submit a copy of your talk or poster abstract, and verification of your presentation as soon as it is accepted by the conference organizers (travel awards will only be made once the acceptance is confirmed).
- Provide estimated or actual costs of your conference / workshop attendance / research stay
- Provide your current CV with publication record
- Provide a reference letter from your primary supervisor
- Please note that the GSLs travel fellowship will not cover the daily allowance ("Tagegeld"). You may not necessarily receive the full amount of the travel grant.

Please send your application in paper copy with original signatures to:
Graduate School of Life Sciences, Dr. Irina Pleines-Meinhold, Beatrice-Edgell-Weg 21, Hubland
North Campus, 97074 Würzburg

Conflict management in the GSLs

Supervision Agreement for Doctoral Projects in the Graduate School of Life Sciences

The GSLS provides the framework to conduct a structured doctoral research project (hereafter referred to as 'doctoral project'). The GSLS adheres to the principles of mutual responsibility, transparency, accountability and respect for diversity. Original scientific work is essential for a doctoral project. All rules and regulations are intended to serve this purpose. The doctoral researchers are thus better prepared for their future careers inside and outside academia. Being mutually aware that the doctoral project is to take up a significant part of the working time of the doctoral researcher, the involved parties declare to follow the GSLS principles and to adhere to the mutual obligations described below, which may be updated over the course of the qualification project if the situation demands.

1. Persons involved
2. Research and Training Plan
3. Obligations of Doctoral Researcher
4. Obligations of Supervisors
5. Compatibility of Research Work and Family Life
6. Observing the rules of Good Scientific Practice

1. Resolution of conflicts within your thesis committee
 2. Contact the GSLS (GSLS office, GSLS Dean)
 3. Contact the Doctoral Researchers Council (DRC)
- Mental Health First Aiders (e.g. G. Blum-Oehler, K. Brandl)

Scientific and Transferable Skills Courses

Study book overview

GUIDELINES

Mandatory Elements

LAB MEETING = GROUP SEMINAR
usually 1h/ week, organized by the research group or the graduate training group

LITERATURE SEMINAR – JOURNAL CLUB
usually 1h/ week, organized by the research group or the graduate training group

GOOD SCIENTIFIC PRACTICE (counts as one of transferable skills courses)
Mandatory course for all GSLS doctoral researchers admitted after WS 2011/12

Electives (at least one of the following per semester – ideally by your thesis submission you will have visited at least 3 scientific courses and 3 transferable skills workshops)

SCIENTIFIC COURSE / SEMINAR / LECTURES (ideally one per year)
organized by the graduate training group, GSLS, doctoral researchers or offered externally
(e.g. method course, statistics, clinical medicine)

TRANSFERABLE SKILLS COURSE / SEMINAR / WORKSHOP (ideally one per year)
e.g. poster presentation, scientific writing

For doctoral researchers on the study program 'PhD Life Sciences' please note that the "Intercultural Communication" course is part of your study program

RESEARCH STAY
e.g. scientific fieldwork, laboratory training, usually outside University of Würzburg

Additional

Additional Activities
e.g. peer mentor, DRC, teaching/supervision activities, organisation of events

- The study program requires you to **complete six “electives”**
 - Ideally, you will have visited at least 3 scientific courses and 3 transferable skills workshops
 - Definition “Transferable skills”: General skills that go beyond the day-to-day requirements of your PhD project
- **„Good Scientific Practice“** is mandatory for all GSLS doctoral candidates
- For the study program ‘PhD Life Sciences’ please note that the **“Intercultural Communication”** course is mandatory
- Individual choice is encouraged!
- Your thesis committee might recommend courses for you to take

Transferable Skills - Overview

EARLY STAGE	According to your needs	FINAL STAGE
Good Scientific Practice	Scientific Writing and Publishing / Writing of Scientific Papers	Cover Letter & CV
Intercultural Communication	Supervising BSc and MSc Students	Job Interview
Poster Design & Presentation	Software Carpentry	Introduction Biotech Industries
Oral Presentation	Critical Reasoning and Logic	Quality Management and Audit Biotech Industries
Academic Writing (for Beginners)	Purposeful Networking	Good Manufacturing Practice
EndNote for Scientists	Improved Reading	Good Clinical Practice
Literature Research Strategies for Scientists	Slide Writing	EU Patent Law in Life Sciences
Networking at International Conferences	Visual Communication of Science	Grant Writing
Project management	Introduction to Science Journalism	Business Etiquette
Open Access and Copy Right in Science	Storytelling for Science Communications	

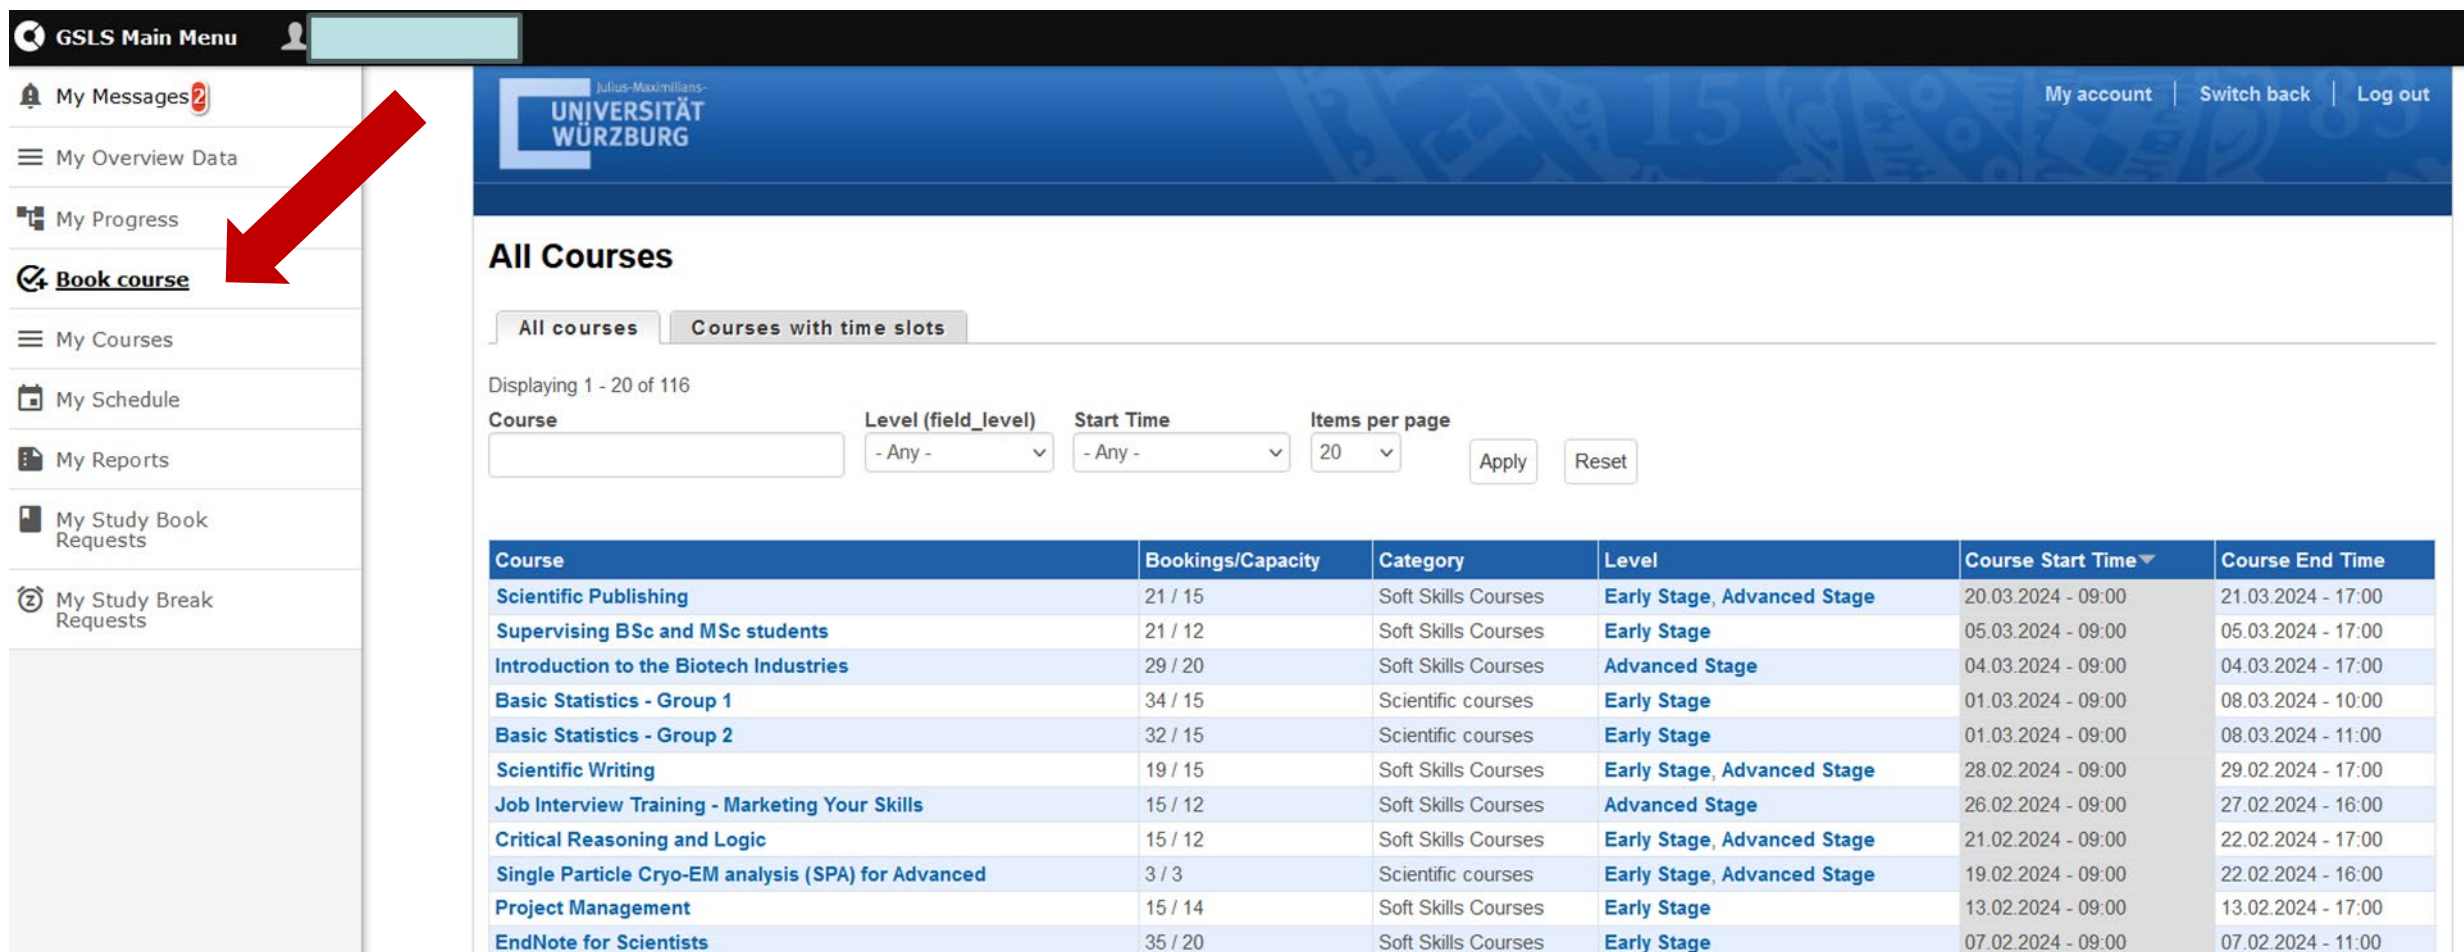

“Scientific courses” – examples:

- Courses offered by the GSLS
 - Statistics courses (e.g. Basic Statistics, Introduction to R, Data Analysis with R)
 - Scientific Image Processing and Analysis
 - Advanced Image Analysis and Macro Programming
 - Software Carpentry
- External method courses or seminars
 - project relevant
 - duration: at least 1 SWS/week or 1.5 days
 - certification/confirmation of participation required (or confirmation by supervisor)
- Colloquia/lecture series, e.g.
 - Biocenter colloquium, RNA seminar & Microbiology colloquium, Zoological colloq., RVZ colloquium, Clinical Medicine lecture series ...

Log in directly at OpenCampus

Book a workshop

EndNote for Scientists

[Book Course](#) 

Title	Time	Room	Teacher
EndNote for Scientists	01.02.2022 09:00 - 11:00 (Tue)	online	Manuel Beck

Description:

Are you at the beginning of your PhD project and do you want to learn how to move seamlessly through your research process with flexible tools for searching, organizing, and sharing your references, creating your bibliography, and writing your paper? Come and learn how to use the reference management software EndNote!

During this workshop you will learn:

- how to create your EndNote Library
- how to import references and PDFs directly from the bibliographic databases
- how to use the EndNote-Tool "Online Search"
- how to organize your references into groups

→ You will receive a booking confirmation by email

Book a place on the waiting list

You can book this course, but will be placed on the waiting list.
